

Government has no more authority to determine the subject matter of Hollywood's motion pictures than it has to fix what a newspaper will print or the radio will say.

This was the decision of the United States Supreme Court last Monday — and a sound decision, at that.

Decency in motion pictures was at the issue. Nothing in the court's ruling would indicate that local police are denied their historic power to break up theatricals which offend public morality.

But censorship boards have a tendency to place their own interpretation on the word "morality" and constantly expand their police powers. The current supreme court decision cut the censors back to fundamentals.

The Italian picture "The Miracle" was banned by the New York censors not on grounds of indecency but because a church group said it was sacrilegious. This is a broad word on which the many denominations of America don't agree. The supreme court ruled unanimously that censorship doesn't apply.

The answer in disputed cases like this one is to let the people themselves decide. A producer has the right to make any kind of picture he wants to, as long as he keeps it decent; but the people themselves will decide whether this particular producer stays in business or goes broke.

That's the American rule which governs the press and the radio — and it will do a good job for the movies as well.

UN Ceiling on Arms to Get Red Rejection

United Nations, N. Y., May 29 (AP) — Russia today was expected to give a quick rejection to the West's new plan for ceilings on military forces.

Quarters usually familiar with Soviet views said the Russians undoubtedly would stick to their own demands for a flat one-third cut in the armed forces of the five big powers.

The new Western proposal, laid before the U. N. Disarmament Commission yesterday, calls for ceilings of 1-2 million men each for the United States, Russia and China, and 800,000 each for Britain and France.

Soviet Delegate Jacob A. Malik will make known Russia's position next Tuesday. Meanwhile, he asked the West two important questions which were left unanswered in the working paper.

When you speak of China, Malik asked, are you talking about the People's Republic of China (the Communist)? It was generally accepted that the Western proposal referred to the Peiping regime, but Malik wanted to pin it down formally.

He also asked would the decisions on the reductions in armed forces be taken simultaneously with decisions on the prohibition of atomic weapons and other weapons of mass destruction?

First Rodeo Performance Tonight at 8

Rain or shine the first performance of the Third District Livestock Show's annual Spring Rodeo will be staged at 8 o'clock tonight in the Fair Park Coliseum.

This afternoon at 3 o'clock a parade is scheduled for riders, visitors and the Hope High School Band.

Washington Funeral to Be Held Friday

Funeral services for Worth Washington, 78 year old Negro who died early Wednesday morning, will be held at 2 p. m. Friday at Hicks' Funeral Home.

Markets

NEW YORK STOCKS
New York, May 29 (UP) — Prices eased on the stock exchange early today in dull dealings.

Losses throughout the main list were very small. A number of pivots held at their previous close.

Dealings in the first hour were highly restricted. Sales totaled only 240,000 shares, compared with 280,000 in same hour yesterday.

A few oil equities moved out of the narrow range. Volatile Amerind Petroleum dipped 1-2 points to 205 1-4 on one transaction. Sun Oil dipped a point to 82 1-2.

Elsewhere, steel shares were mostly easier. Fractional declines were noted in Bethlehem Steel and U. S. Steel. Automobiles also moved within a narrow range.

Further Cuts in Aid Bill Almost Sure in House

Washington, May 29 (AP) — The Senate has overwhelmingly passed a \$6,700,000,000 foreign aid bill but the mutual security program is almost sure to be cut further before any money actually becomes available.

The final Senate vote on passage last night was 64-10 with 39 Democrats and 25 Republicans joining in support of the measure to aid America's friends all over the world. Nine Republicans and one Democrat, Olin Johnston (SC), said "No."

But the bill now goes into conference with the House which voted last Friday, 245-110, to authorize the spending of \$6,163,000,000 in the fiscal year starting this July 1.

This \$57-million-dollar difference between the two branches means that an additional cut in the Senate total is almost inevitable.

Then, after the compromise authorization measure is passed, the lawmakers will get another crack at the program when an appropriations bill actually making the money available is debated.

President Truman asked for \$7,900,000,000, declaring this was the minimum needed for America's security. He has been sharply critical of the cuts voted by the House.

The bulk of the money in the authorization bill is for direct military assistance designed to equip the forces of American allies in Western Europe and elsewhere.

Administration forces in the Senate beat down all efforts to cut the \$6,900,000,000 voted by Senate committees until late in yesterday's session.

Then Sen. Long (D-La) was able to get through a 200-million reduction by a 37-34 vote, partly because half a dozen senators voting against cuts had gone home. Earlier, Long's proposal for a 400-million cut lost, 40-37.

However, some Republican senators had been confident that the Senate would vote at least a half-billion slash on the floor. An amendment by Sen. Welker (R-Iowa) to do this was defeated, 41-33.

Several GOP senators supporting Gen. Dwight D. Eisenhower for the Republican presidential nomination joined with a majority of Democrats to defeat all but the 200-million-dollar cut.

Modified Draft of Ford Plan Adopted

Little Rock, May 29 (AP) — Arkansas was a step closer to participation in a new program for training school teachers today following adoption of a modified draft of the plan to meet objections of several educators.

The 38-member state Planning Committee yesterday completed the compromise program, which now must be approved by the participating colleges and the Foundation. The Foundation will finance the so-called "bold experiment."

Under the new plan, Arkansas colleges would put into effect Ford's proposals for a 5 year period. At the end of the period, the colleges will decide whether to make the change permanent. This is a departure from the original Ford suggestion, and the Foundation must approve it.

Training of prospective teachers under Ford's program would involve four years of college study in general education plus a fifth year of one-the-job training or internship in actual classroom work.

Three colleges have approved the plan. They are Hendrix and Arkansas State Teachers at Conway, and Ouachita at Arkadelphia.

Saboteurs Plague Red Chinese

Hong Kong, May 29 (AP) — Widespread sabotage, arson and other resistance to the Communist 4th Field Army's rule in four provinces of South-China was reported by a Communist newspaper received here today.

The Hankow Chang Chiang paper called for a speedup in the Red political indoctrination offensive against the "enemy" and gave the following report:

Honan Province: 347 bandits arrested and more than 70 rifles and one machine gun seized in the Western part of the province. In Nangang County, 26 murders and arson cases in the last three months.

Hunan Province: Nearly 400 landowner families in Liling County have refused to carry out the Communist "labor reform" order to provide forced work for the Reds. One Mayang County landowner was accused of setting fire to 40,000 tung oil trees. Tung oil, one of China's most valuable exports, is used in paints and varnishes.

French Jail Top Communist Following Big Demonstration in Protest to Gen. Ridgway

Paris, May 29 (AP) — Jacques Duclos, now France's top Communist, today was charged with carrying a gun during a bloody demonstration against Gen. Matthew B. Ridgway and was jailed to await trial.

Interior Minister Charles Brune declared the government had uncovered proof of an "organized and permanent conspiracy by the Communist troops" against the French state during last night's clashes. One Communist was killed and 17 badly hurt and 200 police injured in Paris. Twenty-five more persons were injured at Nice.

Nine hundred or more Communists were arrested here and in Marseille, Bordeaux and other French cities during demonstrations against the new NATO general.

Police began a broadening crackdown on the Communist today and seized many editions of Communist newspapers throughout the country.

The Reds struck back in Marseille where they seized and burned bundles of non-Communist newspapers.

Workers downed tools in several factories in the region of Turbès, home district of Duclos, and new demonstrations broke out in Marseille, Mclun and other places in protest against the Communist chief's arrest.

Duclos a member of parliament and the party's secretary general, was nabbed at the height of the rioting in an automobile in which police said they found a loaded revolver, a blackjack, two carrier pigeons and a radio geared to intercept police orders.

Also arrested were Duclos' wife, who was released today, his Belgian chauffeur, and an Asiatan bodyguard.

In the Paris riots one demonstrator was killed, 17 others badly hurt and some 200 police were injured. The toll at Nice was three police and 22 civilians injured.

The Reds struck back in Marseille against the newspaper seizure. Gangs there stopped trucks delivering a non-Communist paper, dumped the bundles out and burned them. Other trucks delivering Paris newspapers in Marseille were seized and burned.

Two Die, One Injured in 'Bait' Quarrel

Little Rock, May 29 (AP) — Elvis Van Buren Eldridge, 56, wounded in a knife fight yesterday in which two men were killed, was reported in "fair condition" by Baptist Hospital today.

Killed in the fight on a Fourche Creek bridge were Cecil C. Aldridge, about 60, and Negro Eugene Wright, 39.

Deputy Sheriff L. B. Tobin said the stabbing took place a short distance from a shack on the banks of Dixon Lake where the brothers had been living. It was apparently over a bucket of fish bait.

Tobin said witnesses told him that Cecil Eldridge and Wright were fishing on the bridge when the fight started, and that Elvis Eldridge ran from the shack when he heard the struggle.

Two fishermen, who witnessed the fight and ran to help the victims, said Wright was lying near the middle of the bridge and Cecil Aldridge on the north end. Elvis Eldridge was found in the shack.

Deputy Sheriff Tobin said the Eldridge brothers were transient cooperative workers, and Wright lived in Little Rock.

Bills to Change Government Studied

Washington, May 29 (AP) — A wind-up drive on bills for reorganizing the government was set today by the House Executive Expenditures Committee.

Chairman Dawson (D-Ill.) said hearings will start Tuesday on at least nine measures designed to carry out recommendations of the Hoover Commission on reorganization of the executive branch of government.

Dawson said the measures that might get a hearing are a number calling for creation of a new Hoover Commission to continue recommending ways of streamlining the federal government. Former President Herbert Hoover headed the original commission.

Unity Baptist to Start Bible School
Daily Vacation Bible School will begin at Unity Baptist Church Monday, June 2, and continue through June 13. The classes will be held from 8 until 10:30 a. m. Monday through Friday of each week.

A recent survey has found a hole in the Pacific Ocean near Guam that is 25,640 feet deep, says the National Geographic Society.

Taft Holding Slight Lead Over Eisenhower

By The Associated Press

The sound and fury of the Taft-Eisenhower duel for Republican presidential-nominating votes were echoing today in Alabama, South Dakota and Washington, D. C.

With Sen. Robert Taft of Ohio just about through campaigning and Gen. Dwight Eisenhower expected to arrive in a few days, the Associated Press tabulation of pre-convention delegate strength now shows:

Taft, 405, Eisenhower 365.

Nominations at the July 7 National convention in Chicago requires 604 delegate votes. The Associated Press tally is based on concessions, pledges, instructions and avowed preferences.

Taft—who said some time ago he has just about wound up his drive for nominating—delegate votes, was just about assured of a majority of Alabama's 14 delegates.

Taft backers claimed 10 votes as the Alabama GOP convention met in Birmingham to complete the delegation by picking four at-large members. Eisenhower people conceded Taft a majority—meaning Taft's name would be placed first in nomination since Alabama heads the alphabetical roll call.

An Associated Press survey showed today that South Dakota's daily newspaper editors look for a Taft-Eisenhower photo finish in the state's June 3 primary.

The editors' estimates, weighted according to population of areas covered, give Taft a slight edge, 51.2 per cent to Eisenhower's 48.8.

The primary is the last clearest contest between Taft and Eisenhower before the convention. It is a winner-take-all proposition with 14 Republican and Eight Democratic delegates at stake.

On the Democratic side, the editors put a delegate slate pledged to Sen. Estes Kefauver of Tennessee ahead of one for Sen. Hubert Humphrey of Minnesota. The percentage: Kefauver 55.6, Humphrey 44.4.

Washington, meanwhile, two Republican senators said the Taft-Eisenhower contest could be generating enough heat to melt the party's chances in the November general election.

A Taft man, Milton Young of North Dakota, was particularly disturbed over intra-party strife like that in Texas, where rival Taft and Eisenhower delegations are vying for recognition.

"Any split of that kind is very bad for the party," Young said, "and could hurt our chances if the differences aren't patched up."

Draft Board to Close Friday

Local Draft Board No. 29, will be closed all day Friday, May 30, in observance of Memorial Day. Chairman J. M. Duffie announced.

Long March of the Blue and the Gray Is About Over But Their Deeds Will Never Die

By HAL BOYLE

New York, May 29 (AP) — The long march of the Blue and the Gray is about over.

This Memorial Day fewer than a baker's dozen survive of the massed millions who fought in the American war of brother-against-brother that ended 87 years ago.

This long and bitter struggle played so important a role in our national story, it is still so close to us as a people, it seems incredible that soon even the last drummer boy who took part in it will have been swallowed up by time.

The earth is a tomb of many vanished armies, but few will live longer in memory than those that contended under the banners of the Federal Union and the Confederacy from 1861 to 1865. Their memories in many minds even now are like sensitive scar tissue.

Historians now class the War between the States—known in Northern American communities as the Civil War—as the first modern war, and certainly it made many changes in the art of battle both afoot and at sea.

It truly was a big war, considering the population at the time. The North threw 2,128,948 men into action and suffered 349,944 casualties. The number of troops on the South's side is debatable. Northern historians put the figure as high as 1,400,000 out of a white population of only five million. Estimates by Southern historians go as low as 800,000. Woodrow Wilson said the South put 900,000 men in the field and placed their losses in killed and wounded at 133,821.

As in most wars before the development of sanitation techniques, disease took more lives than bullets. The North, for example, lost only about 110,000 men from am-

Chinese Hint of Big Offensive; One Killed After New Prison Riot

Disorder Quickly Stopped; Slaying Was Accident

Koje Island, Korea, May 29 (AP) — A North Korean Red prisoner was killed and another wounded slightly today when an American guard accidentally fired an automatic rifle into Compound 60 of the United Nations prisoner of war camp No. 1.

A spokesman for the camp commander said the mishap occurred two hours after U. N. troops, wielding bayonets and using tear gas bombs, had broken up a prisoner parade, foiled a Red attempt to cut a new gate in an inner barbed wire fence and torn down the POW's ramshackle command post and dispensary.

Camp officers said no shots were fired by the groups who had entered the compound earlier.

The accidental shooting came when U. S. guards were changing places tonight in a high watchtower at the rear of the compound. The automatic weapon sprayed bullets into the middle of the compound.

The Reds began parading this afternoon in the compound where 2,700 officers and 650 enlisted orderlies are held.

At least 100 U. S. and British infantrymen entered the enclosure shortly after on orders of Col. Taylor, deputy commander of the United Nations Kojie Island prison camp.

The broke up the demonstration with tear gas bombs and drove the Reds into the center of the compound. Then they systematically ripped apart the two metal shacks serving as the POW's command post and dispensary.

The Reds apparently stage the disturbance in an attempt to force Brig. Gen. Haydon L. Boatner, camp commander, to visit the compound and confer with them, a camp spokesman said.

The spokesman added that Boatner received "a long, abusive, insulting, demanding letter" from the compound leader two days ago. The general never answered it because the letter violated Boatner's rules that messages to him from POWs must be "brief, courteous and to the point."

Boatner also refused to go to the compound gate during the disturbance. But, from a distance, he watched his U. N. soldiers break

Downpour Fails To Halt Work of X-Ray Unit

Despite a steady downpour of rain, 150 were X-rayed at the mobile unit Wednesday. Volunteer workers were Mrs. E. P. O'Neal, Mrs. Franklin Horton, Mrs. Mary Foster, Mrs. Mack Stuart, Mrs. C. V. Nunn, Mrs. H. O. Kyles, and Mrs. Henry Hays.

The clinic is being conducted today near the Citizens National Bank, in charge of the Medical Auxiliary.

Only one more day, Saturday, May 31st, remains for this clinic. The unit will set up again at the Citizens National Bank location, from 10 a. m. to 1 p. m. and 2 until 5 p. m.

All agencies cooperating in this clinic are appealing to all citizens over fourteen years of age to take advantage of this valuable service.

Truce Talkers Meet But No Action Taken

Munsan, Korea, May 29 (AP) — The chief United Nations truce negotiator today accused the Communists of blocking a Korean armistice out of disappointment that so few Red war prisoners want to go home.

In another full session at Panmunjom, Mr. Gen. William K. Harrison Jr. reminded the Communists that they had agreed to the screening—which determined that nearly 100,000 of 160,000 Red POWs and civilian internees are unwilling to be repatriated.

He suggested another recess to give the Communists time to reconsider their demand for the return of all prisoners. But the Reds insisted on another meeting at 11 a. m. tomorrow (9 p. m., EST, tonight).

"The factor which prevents an armistice today," Harrison said, "is not your objection to the screening process itself but rather your chairpin at the small number of persons who stated that they would not forcibly resist repatriation—a number which was obtained by the fairest means possible and by a device which had your full acquiescence."

Chinese Guns Spoil U. S. Attack

Seoul, Korea, May 29 (AP) — Communist big guns turned back an Allied raid with their mighty barrage of the year Wednesday. It was the same day Red troops negotiated threatened to renew heavy fighting in Korea.

The Communists poured 7 1/2 rounds of fire on U. N. positions 24 hours. That's five times the Reds' normal volume in the present limited-action phase of the war.

Half the shells broke up an Allied raid on a three-hill enemy position near Koranggo on the Western Front. Heavy Communist mortar and artillery barrages pounded two sectors east of the once heavily contested Punchungbo on the Eastern Front.

Intensity of the Red fire didn't match Allied peaks of up to 20,000 rounds in a single day.

U. N. assault troops had stormed two of the hills near Koranggo within three hours of their 3 a. m. attack. The third held out until 8:30 a. m. Tanks provided fire support in the attack on one hill.

U. N. troops, equipped with 100 bayonets on another. The Reds lost 100 soldiers dead or wounded.

In a savage fight northwest of Yonchon, Allied troops repulsed two Chinese companies preparing to assault the main United Nations line.

The Eighth Army reported Chinese bunkers, six machine guns, and 12 Communist trenches smashed by its tanks and Sherman tanks on the Chongju Front.

Ship Deals Studied for Defraud Sign

Washington, May 29 (AP) — A Senate Committee reported today the Justice Department is looking into "possible criminal violations as well as conspiracy to defraud the government" in ship deals involving Newbold Morris, ousted government cleanup man, and Joseph E. Casey.

Casey, a Washington lawyer, is a former Democratic congressman from Massachusetts. A number of other names were involved.

Charging that his own inquiries into the deals had exposed profit grabbing, tax avoidance and a web of international schemes to place U. S. ships illegally in alien hands, the Senate Investigations Subcommittee demanded:

1. That the government seize—and declare forfeit the tens of millions paid for—eight oil tankers sold to Casey and his associates and 39 vessels sold to others under similar circumstances.
2. That the Internal Revenue Bureau and Justice Department "take appropriate action" to collect huge sums in taxes the subcommittee alleged were illegally avoided in the deals. In the case of the Casey group, it said, the recovery might be between \$850,000 and \$1,400,000.
3. That Congress close what the subcommittee termed a tax law loophole benefitting the China International Foundation, Inc., which Morris heads. It termed Chinese International a charitable foundation formed ostensibly to benefit Chinese Nationals.

Bankers Hear Talk on Inflation

Hot Springs, May 29 (AP) — The federal government is contradicting itself, says Dr. Earl L. Butts of Purdue University, by trying to stop inflation on one hand and deflation on the other.

Dr. Butts, head of the Department of Agricultural Economics at Purdue, told the Arkansas Bankers Association that the government is attempting to control inflation by raising interest rates and by selling government bonds.

Bible School Planned at Spring Hill

A vacation Bible School will be held at Spring Hill Methodist Church starting Monday, June 2. Classes will be held daily from 9 a. m. to 11 a. m.

Two Autos Badly Smashed in Wreck

Two automobiles were smashed this morning at West and Fulton Streets but the occupants escaped injury. Inland City Police announced the crash occurred about 7:30 a. m.

The vehicles were a 1951 Ford and a 1950 Chevrolet. The Ford was driven by Thomas Cobb of Spring Hill. Cobb's auto was smashed and the Chevrolet was badly damaged. The front end of the Ford was smashed. Investigation by Raymond Pedraza reported.

Grocers Go Over New Price Ceilings
Washington, May 29 (AP)—Retail grocers today began computing new price ceilings on hundreds of food items based on government approval of a higher profit margin for the industry.
The new ceilings can go into effect Monday. The Office of Price Stabilization issued an order last night authorizing increases ranging up to 26 per cent in the markup on retail food stores can apply to their costs. OPS said this approval was a penny an item on the weighted list of foods affected.
Price Stabilizer Ellis Arnold estimated the margin hikes will increase food costs to the public by from 100 million to 150 million dollars a year.
Goods subject to bigger markups

MAKE-UP MAGIC
London, May 29 (AP)—American women doll up so much—take it from an English clergyman—because they're worried all the time about losing their husbands.
That, Canon Hugh C. Warner told the Royal Commission on Marriage and Divorce yesterday is one bad effect of easy divorce laws.
He said the commission should include items in this wide range of products:
Breakfast cereals, coffee concentrates, cookies, toast and crumbs, except lunas and salmons; flour in five-pound packages or less; frozen foods, except juices; many canned fruits; jams and jellies; canned meats, except luncheon meats; creaming; pickles and relishes; many canned vegetables; vinegars and cheese.
OPS said that actual selling prices might not be raised on many of the items.

Students Seize Radio, Send Fake Attack
Ithaca, N. Y. May 29 (AP)—Ten masked youths overpowered three students at the Cornell University radio station last night and broadcast a fake bulletin that European cities had been bombed and an air armada was approaching North America.
In Washington, two federal agencies—the Communications Commission and the FBI—said a preliminary check indicated the incident was one for local and college authorities to handle.
The station is not licensed by the commission because its broadcasts are limited to the campus. There are approximately 100 college stations which do not have

Harris Heads Probe of TV, Radio
Washington, May 29 (AP)—A congressional probe of radio and television programs starts next week, but it won't be broadcast or televised.
Rep. Harris (D-Ark), chairman of a House interstate subcommittee making the investigation, told newsmen today he will not permit telecasting or broadcasting of committee hearings "because the House rules don't allow it."
The radio-TV probe will start Tuesday and will continue through Thursday. Initial witnesses will be members of Congress and interested civic groups and organizations.
Later, Harris said, representatives of the radio and television industry will be given a chance to express their views.
Harris said the committee will study "programming techniques, including the question of responsibility for and control over the content of radio and television programs on the part of broadcasting licenses."
The investigation was ordered by the House several weeks ago following complaints of some members that many programs stressed sex and crime.

Benton Man Is Acquitted
Bentonville, May 29 (AP)—A Benton County farmer has been cleared of a second degree murder charge in the fatal stabbing last November of Paul Bowman.
A directed verdict of innocent for Ralph Schrader was returned yesterday in Circuit Court here.
Bowman, Benton County road foreman, was stabbed to death in a fight with Schrader. Both lived near Rogers.

Disorder
Continued from Page One
it up. After a short period of watching he returned to his quarters to interview officers and to prepare a statement on the incident.
The parade started about 1 p. m. and the troops went in shortly after. They cautiously backed out at 5 p. m.
Prisoners chanted incessantly. Intermittently they shouted Red slogans, such as "This is a baptism for world war three!" As the troops moved out, the POWs cried: "Banzai! Banzai! Banzai!"
The demonstrators tossed three notes over the barbed wire fence and shouted to guards to hand them to U. N. correspondents, but the guards confiscated all three.
Americans led by Capt. Donald Burnett, Santa Maria, Calif., drove in first in a flying wedge formation and pressed back a crowd of prisoners.
Other American and British troops moved in behind.
About 20 British soldiers worked steadily at breaking up the shacks with pick-axes, hatchets, hammers and crowbars. They quickly dumped the wreckage outside the compound gates.
No Red flags were in sight when the troops entered the compound but they had been flying earlier in the day.
POWs ran up two North Korean flags while the troops were in the compound but they came down mysteriously within four minutes. When the soldiers came out of the compound they carried some North Korean flags and blankets.
U. N. officers said they expect more such incidents before they begin moving POWs to new, smaller compounds, probably next Wednesday.

Boatner had ordered two Communist compound leaders before him earlier today and lectured them like children on the need for obedience.
It was another step in his policy designed to bring order to the unruly stockade of 80,000 prisoners, most of whom have indicated they want to be repatriated to Communist territory.
a federal license.
Commission officials said, however, that they will look further into the incident to determine definitely whether it might be a federal matter.
A university official said the incident looked like a "practical joke."
The station was flooded with telephone calls after the broadcast. Some callers asked more information but many "called just to rib us," the station manager reported, and there appeared to be no widespread alarm.
R. J. McCarthy, Cornell supervisor of safety, said none of the raiders was recognized in their halloween masks. He said they "probably were students."
The raiders interrupted a musical broadcast at 9:07 p. m. (CST) and were in control for eight minutes, McCarthy said.
They tied up two announcers with ropes and held a girl engineer in a chair.
Stewart Bennett, student manager of the station, said the "listening audience was large" at that hour, but added that most listeners quickly realized the bulletin was false.
Ithaca police said they had received no queries. The station can be heard only faintly beyond the campus area.
The announcers, William Ellison of Niagara Falls, N. Y., and Hal Fishman of Brooklyn, were trussed up in separate rooms of the station, which is in a basement of the Student Union Building, Willard Graham Hall.
The girl engineer, Diane Decl of Palmyra, who was held in the control room, later freed the announcers.

Leoner and Betty McFadden of Ozan, boy, Joelanel and Cora Mae Snowden, Prescott, girl, Herman and Queen Burton, Hope, boy, R. C. and Florine Taylor, Ozan, boy, Joe and May Westbrook, Hope, boy.

Presbyterians Told to Fight Trend Today

New York, May 29 (AP)—The Presbyterian Church in the U. S. A. has called on its 2 1/2 million members to fight "the unmistakable trend toward authoritarianism and thought control" in America.

In a stinging attack on widespread use of loyalty oaths, character assassination and the concept of "guilt by association," the church's 164th annual General Assembly declared yesterday:

"Freedom of conscience, inquiry and expression are being challenged and curtailed by a blinding fear of subversive forces."

The assembly, at the close of a week-long meeting attended by about 2,000 church leaders from throughout the country, also:

1. Urged churches to eliminate racial segregation, and complimented those that have.
2. Voiced opposition to universal military training as a "permanent peacetime program."
3. Opposed sending a U. S. ambassador to the Vatican.
4. Expressed strong support of the United Nations, and said it should be the "cornerstone of American foreign policy, and not an instrument of convenience."

Declared economic aid programs "are of greater significance to the hope of a free world than the development of military strength."

Assailed inefficiency in government, waste in military expenditures, needless inflationary policies "designed to create a false sense of prosperity."

There was some opposition to the paragraphs denouncing "loyalty oaths in many cases," and public investigations that "cast suspicion and ruin reputations without court trial."

Charles H. Brown, Chicago, said these expressions would reflect against "many fearless and brave men who are fighting communism."

30 Die in Spain Streetcar Wreck

Madrid, Spain, May 29 (AP)—An overcrowded streetcar, plunged 85 feet off the historic Toledo Bridge here last night and carried at least 30 persons to their death or left them seriously injured.

Brakes on the streetcar, which had been jammed with at least 100 persons, gave way as it moved down a 600-foot incline, and it crashed through the bridge railing.

Many single-celled animals which reproduce by division are virtually immortal because the substance of the parent individual is preserved when it divides to produce two individuals.

MORE CASUALTIES

Washington, May 29 (AP)—The Defense Department today identified 115 Korean War casualties. Of the total, 17 are dead, 88 wounded, seven missing and five injured in battle zone accidents.

KEEP OFF THE GRASS

Buffalo, N. Y., May 29 (AP)—Caretakers at St. Matthew's Church posted this sign for the Memorial Day weekend:

"Go 'way—I wanna be holy."

State Strawberry Shipment Seized

St. Louis, May 29 (AP)—A shipment of frozen Arkansas strawberries, consisting of 5,418 cans, was seized here yesterday on a complaint by the Federal Food Inspectors that the lot contained decomposed berries.

The seizure order was issued by Federal Judge George H. Moore. He set a hearing on the case for June 19. The government said the berries were shipped to St. Louis from Bald Knob, Ark.

tained with a hayride Tuesday night.

The group met at the Little House, Sandwiches, cookies, and iced drinks were served to thirty-two guests. Chaperones were Miss Margaret Hogue, Miss Novalee Hogue, and Mr. and Mrs. John Yocom.

Chapter AE of PEO Meets

With Mrs. Kenneth Powell
Chapter AE of PEO met Tuesday night, May 27, in the home of Mrs. Kenneth Powell.

The president, Mrs. Franklin Horton, presided over the business session. A report of Woman's Day at Southern State College, Magnolia was given by Miss Beryl Henry. Committee reports were also given. Mrs. Edwin Stewart was initiated into the club as a new member.

Artistic arrangements of roses were used throughout the Powell home.

The hostess served ice cream and cake to seventeen members present.

Coming and Going

Mrs. Sid McMath and son, Sandy of Little Rock will join Governor McMath this afternoon to attend the commencement exercises to-night. They will be the overnight guests of Mr. and Mrs. Syd McMath and son, Sydney.

Mr. and Mrs. George Frazier of Austin, Texas, are visiting Mrs. B. C. Hyatt and Mr. and Mrs. C. C. Spragins.

Einstein Could Learn From Washington

By JAMES MARLOW
Washington, May 28 (AP)—Einstein might get a few ideas if he hung around Washington.

Watching Congress do its arithmetic is one of the strange sights. Looks like magic, almost. On the foreign aid bill, for instance.

It would be tough to visualize what it would buy or do if you were voting to cut that much money from a bill, or add it.

Not for Congress. These days a million dollars is just a piddling sum anyway. Congress just whacks it or adds it. No trouble.

It might seem far tougher to juggle 200 million or even one billion, particularly in foreign aid when the money might be used for everything from guns to butter.

Apparently this doesn't give Congress too much trouble, either. Judging from the way it handled the foreign aid bill.

President Truman and all his top brass in Washington recommended \$7,000,000,000 in foreign aid.

The House Foreign Affairs Committee and the Senate Foreign Relations Committee lopped one billion off that.

Then the House, when it came time to vote, sliced off some more, approving \$6,163,000,000.

Only a handful of people on the floor could have had anything approaching a precise notion of just what they were cutting off in aid.

That much cut was proposed and the rest, in cutting mood, voted for it.

Then it came the Senate's turn. Just like tick, tack, toe, proposals were made to lop off one bill, 500 million, and 400 million from the approximately \$6,900,000,000 recommended by the Senate's own committee, which had gone into the whole problem.

And just like toe, tack, tick all three proposals were voted down. Then Sen. Long, Louisiana Democrat, arose with a suggestion to knock off 200 million. Bingo. The Senate approved that much cut.

It will always be a mystery, of course, how the majority of senators decided it was wrong to cut by one billion, 500 million or 400 million but thought 200 million was just right.

Then it came the Senate's turn. Just like tick, tack, toe, proposals were made to lop off one bill, 500 million, and 400 million from the approximately \$6,900,000,000 recommended by the Senate's own committee, which had gone into the whole problem.

And just like toe, tack, tick all three proposals were voted down. Then Sen. Long, Louisiana Democrat, arose with a suggestion to knock off 200 million. Bingo. The Senate approved that much cut.

It will always be a mystery, of course, how the majority of senators decided it was wrong to cut by one billion, 500 million or 400 million but thought 200 million was just right.

Fossile Bones Found at Gum Springs

Arkadelphia, May 28 (AP)—The 120-million-year-old fossilized bones of a sea-going dinosaur have been found near here.

Dr. Phillip Horton, curator of the museum at Henderson State Teachers College here, yesterday identified the bones, found at the site of the new Reynolds Metals Company aluminum plant at nearby Gum Springs. He said the fossils were vertebrae of a mosasaur or plesiosaur. These reptiles were sea-going kin of the land-bound dinosaur. They sometimes grew 40 feet long, said Dr. Horton.

INCORPORATES
Little Rock, May 28 (AP)—Articles of incorporation were filed in the secretary of state's office here yesterday for R. G. Varner Steel Products, Inc., of Pine Bluff. Authorized capital was listed at \$50,000. Incorporators were R. G. Varner, Jamie Ruth Varner and Dale C. Hendrix of Pine Bluff.

It is believed that South Asiatic people began migrating eastward across the Pacific about the time of Christ.

over officially in a few days from Vice Adm. C. Turner Joy.

Briscoe said it is possible the Communists are constructing concrete reinforced submarine shelters at Port Arthur, Dairen, Tsingtao, or even on the island of Sakhalin, which would give them quick access to Allied shipping routes.

Briscoe said U. S. ships steer well clear of Red waters to avoid any possible incident.

Then it came the Senate's turn. Just like tick, tack, toe, proposals were made to lop off one bill, 500 million, and 400 million from the approximately \$6,900,000,000 recommended by the Senate's own committee, which had gone into the whole problem.

And just like toe, tack, tick all three proposals were voted down. Then Sen. Long, Louisiana Democrat, arose with a suggestion to knock off 200 million. Bingo. The Senate approved that much cut.

Another Koje General Is Released

Koje Island, Korea, May 28 (AP)—A high military source said today Brig. Gen. Paul F. Yount was being relieved of command a month earlier than scheduled because of his part in the now famous "Dodd Affair."

Yount, commander of the Pusun Army Base, was the immediate superior of Brig. Gen. Francis T. Dodd when Dodd was kidnapped and held hostage by Communist prisoners of war on Koje Island May 7.

Yount already has been reprimanded and Dodd has been reduced to his permanent rank of colonel.

The high official, who declined use of his name, said Yount would be reassigned within a week, a month before he was to be transferred.

Published Army orders in Washington showed Yount was scheduled for reassignment March 10, long before the Dodd incident, but the date of reassignment was left up to the Far East Command.

The orders said the transfer would take place sometime in June to the office of the Chief of Staff in Washington.

Young told Newsmen he had received no official notice of any transfer other than a scheduled rotation in June.

In reprimanding Young, the Army said he "overlooked the erroneous implications" of promises

Jamaica Ore to Come to Arkansas

Little Rock, May 28 (AP) The first shipment of bauxite from mines in Jamaica will leave Kingston, Jamaica, today destined for the Reynolds Metals Company plant at Hurricane Creek, Ark.

The 8,500-ton load will be brought to Mobile, Ala. in a chartered vessel, and then will move by rail to Hurricane Creek.

W. W. Binford, manager of the Hurricane Creek plant, said the Jamaican bauxite would increase the productive life of Arkansas ore deposits by a third. The Jamaican ore will be mixed with lower-grade Arkansas ore.

The ore deposits in Jamaica were discovered during World War II.

Youth Goes on Trial for Slaying

Fordyce, May 28 (AP)—Nineteen-year-old Wilson Wright went on trial here today on a charge of first degree murder in the shooting slaying of Green Roberts.

Prosecutor Jimmy Linder said yesterday he would ask the death penalty for Wright.

Roberts was shot to death in a vacant house near Sparkman. Wright also is charged with assault with intent to rape Roberts' daughter.

made to secure Dodd's release. Although there were many censures in the ancient world, the Middle Ages developed a prejudice against them which extended into comparatively modern times.

May 29 (A) — The AFL-United Brotherhood of Carpenters and Joiners of America received a setback when the United States Supreme Court in a 5-4 decision against picketing a hospital.

situation sites, both here and in Osceola, against the Baldwin Construction Company of Little Rock, contractor on the jobs.

County Judge J. A. White said all efforts to settle the strike failed, before the injunction was asked.

A Baldwin spokesman said the Wage Stabilization Board scale for carpenters in the area is \$2 an hour. He said the company could not raise the hourly wage without WSB approval, but that it would place the extra 20 cents an hour

DOROTHY DIX **A Real Home**

Dear Miss Dix: My husband and I have been married a little over a year and are expecting a baby. I think we should have a home of our own, but my husband insists that we continue living with his family. We haven't been happy since we've been with his family, as we have many differences of opinion. My husband is an only child and he enjoys being here, while I'm utterly miserable. Before we were married he promised me a home of our own.

Answer: All young people should start out a home of their own, no matter how humble. In many cases, of course, this is utterly impossible. In some others a communal family life can be set up with satisfaction to all concerned, but these cases are extremely rare.

The best approach to a successful marriage is through a home, get up and dedicated to a new family. Very often a husband can be blissfully happy living on with his parents, and remain completely blind to the misery of his wife. Men do not like to change, and to continue under the parental roof, with the same attention, and deference accorded him as a single son, is joy indeed. Women, domestic creatures that she is, has a natural yearning for her own home, and no matter how well she is treated in another woman's domicile, it can never suffice.

His Mother Should Understand How can a blind man be shown the error of his ways? If his mother is a wise woman she will advise him to set up housekeeping on his own. Sometimes another discerning member of the family can size up the situation and make up

In an overwise account for each worker, pending WSB approval. The union rejected the offer, Judge White said.

Pickets were removed from the job here following granting of the injunction. The union did not picket the Osceola project.

proper recommendations. Your doctor might make the suggestion to your husband that your welfare, and that of the expected child, will be much better if you're established under a separate roof.

The longer a man revels in the confining hold of his mother's apron strings, the harder it is for him to break away. Many mothers, realizing and loving this dependency, make every effort to strengthen it by catering to the married son, and relegating his wife to such an inferior place in the household that any administration she can render her lord and master are completely lost in the shuffle of mom's all-enveloping attention.

The longer you and your husband remain in his parents' home, the harder it will be to break away. Even at the cost of some unpleasantness, do what you can to make him give you a home of your own. He'll be much happier himself once he has made the break.

Dear Miss Dix: I'm 16 and have been going with a boy in service. When he left for camp, he asked me to write. I do write him every week, but have to wait two or three weeks for a letter from him. Recently he was home on a week-end pass, and wouldn't come to see me because no one would drive him over, though he could have taken the bus. Do you think he's losing interest in me?

Answer: Off hand, I would certainly say the boy doesn't seem much interested. You're too young to worry about his casual treatment; write him just as often as he writes you — no more — and don't keep week ends dateless waiting for him to arrive. If he really likes you, he'll make a little more effort to keep in touch; other wise, let him go without regrets.

Dear Miss Dix: One of my best friends is being married in September. Is it correct to give her an

Preacher's **Fast Worries** **the Church**

Cherryville, Mo., May 29 (A) — Officials of the Assembly of God church expressed two-fold concern today over the fasting Ozark preacher whose self-denial now enters the 39th day, by his own count.

The Rev. J. J. Ivie says he has not taken food since Sunday, April 26, and explains he plans to continue the fast until his prayers are answered for a religious awakening in the world — or until death comes.

Ivie, 57, has lost about 26 pounds, his family said, and now weighs 120. Occasionally he has slipped water, but has been shaken by spells of retching. He has signed a statement to protect his family from legal action should he die. He also has banned physicians from his home.

The Revs. David Hastie and H. K. Lawson, officials from the church's national headquarters at Springfield, Mo., plan to visit him today.

Lawson said the church was particularly interested because it feared the publicity might cast a bad light on the church, and because it felt it was obligated to help Ivie himself.

The Rev. J. P. Myers, pastor of the nearby Steelville Assembly of God church, spoke and prayed with Ivie yesterday and found him "very rational".

Myers said the church does not sanction a sustained fast which does bodily harm.

In a recording reportedly made in the third week of the fast, Ivie said he had failed as a minister and was awaiting word of his mission from the Lord.

AFL Condemns **Little Rock** **School Board**

Little Rock, May 29 (A) — The Arkansas Federation of Labor condemned the Little Rock School Board in a resolution last night for alleged "flagrant discrimination against organized workers."

The Federation charges that the board refused to hire a young teacher because of his activities in helping organize a teachers union here.

The accusation was denied by Paul V. Griffin, president of the school board.

Federation officials charged that the contract of Hugh Donoho, 24-year-old mathematics teacher at West Side Junior High School was not renewed because he helped organize AFL Teachers union local 1146.

R. F. Palmer, president of the local, agreed, "I can't think of any other reason of the school not re-employing Donoho except that he was instrumental in organizing our union," said Palmer.

School Supt. Dr. Harry A. Little also denied that Donoho's union membership figured into his dismissal. And Griffin said that Donoho did not get along well with pupils and parents.

Donoho and seven other teachers, were not re-employed, Griffin said.

Donoho said he knew of no reason why he was dropped from the staff. But, Griffin said he had talked with Donoho and they had discussed his alleged weaknesses.

The Federation also charged that the school board had consistently refused to meet with Donoho and the AFL representatives, and urged all union members "to take due notice of the resolution and use every legal means to rectify this injustice and see that such an injustice does not recur in any section of our state."

Korean Martial **Law Protested**

Pusan, Korea, May 28 (A) — The South Korean National Assembly went on a sit down strike tonight, but gave it up after President Syngman Rhee ignored its orders to lift martial law in Pusan and three government officials snubbed its summons to appear for a public accounting.

The Assembly adopted 96-3 earlier today a resolution directing Rhee to cancel army rule, imposed Saturday, over this temporary capital. The resolution said nothing about martial law in the rest of three southern provinces.

Rhee failed to comply with the resolution and the decree remained in effect.

Under a national emergency law the president may impose martial law but the legislature has the right to lift it by a majority vote.

engagement present? She told me she received gifts from many girl friends. I have never heard of any one giving engagement presents.

FLOSSIE D.

Answer: While the giving of engagement presents is not necessary it is certainly a gracious gesture, especially to a girl who is a very good friend. It need not — in fact, should not — be an elaborate remembrance. A small gift for her hope chest is all that is required. But the thoughtfulness is bound to be appreciated.

Dorothy Dix advises the prospective career girl in leaflet D-4, "Ambition." To obtain a copy, send a 3-cent stamped, self-addressed envelope to Miss Dix, c/o this newspaper.
